

Reasons to be cheerful

Bolton

What is wellbeing?

Wellbeing is about **feeling good and functioning well**¹

Mental health is a state of wellbeing that enables people to²:

- Cope with the stresses of life
- Fulfil their abilities
- Learn & work well
- Contribute to their community

Our **mental health influences our physical health**³

- It affects our capability to lead a healthy lifestyle
- It affects how we can manage & recover from physical health conditions

We often measure **personal wellbeing** - this **asks people directly** how they feel³

- Includes life satisfaction, positive emotions, & whether life is meaningful.

How is our wellbeing?

Among Bolton adults⁵

- **63%** are highly **satisfied with life**
- **61%** feel that the things they do are highly **worthwhile**
- **61%** feel high **happiness**
- **63%** feel highly **hopeful about their future**

Among GM adults⁵

- **Older adults** were most positive – 68% of those aged 65-74, 80% of those aged 75-84 were highly satisfied with their lives
- **70% of males**
- **62% of females** felt highly happy yesterday
- **48% of disabled people**
- **70% of non-disabled people** felt highly **satisfied with life**
- **74% of males**
- **83% of females** felt highly **hopeful about the future**

5 ways to wellbeing⁴

Connect with other people

- E.g. have lunch with a colleague
- Try not to only rely on technology or social media

Be physically **active**

- Find activities you enjoy & make them part of your life

Learn new skills

- E.g. learn to cook something new
- E.g. take on a new responsibility at work

Give to others

- E.g. small acts of kindness to others
- E.g. volunteering in your local community

Pay attention to **the present moment** (mindfulness)

- Notice what's going on in the world around us & our thoughts & feelings

Activity levels & wellbeing

There's a **positive association** between **activity levels & mental wellbeing**⁶

Among Bolton adults⁷:

- **66% exercise to help them relax** & worry less about things
- **45% exercise socially for fun** with friends
- **69%** find the places and environments where they exercise **inclusive & welcoming**

Among Bolton young people⁸:

- **82% feel better about themselves** from exercising & sports
- **68%** exercise and play sports to help them **relax & worry less**

Reasons to be cheerful

Bolton

Work & wellbeing

On average, working adults in the UK spend around **a third of their lives at work**⁹

- What we do, how we do it, and how we are treated can have important effects on our wellbeing

People **in work** tend to report **higher wellbeing** than those who are **unemployed**⁹

- Financial impacts
- Plus stress, isolation, loneliness, the lack of a sense of purpose, lower self-esteem

'Good work' is work that **treats workers fairly** and **promotes** their overall **wellbeing**⁹

- Safe work environment
- Sense of security, autonomy, good line management and communication within an organisation.

Nature & wellbeing

General exposure to **greenspace** has a range of **positive physical & mental health** outcomes¹⁰

- 8% of the area of Bolton is 'outdoor recreation'¹¹

Systematic reviews of **community and group gardening** show positive associations with **improved mental health**¹⁰

- **15%** of the area of Bolton is 'residential **gardens**'¹¹

Research on **outdoor exercise** (most often walking) had positive wellbeing outcomes, being **relaxing, improving mood, and reducing anxiety**¹⁰

- as well as the positive impact of the physical activity
